

When reference-conditioned retrieval fails

DIFFICULT-0057 | H593 development panel | COST1 | Uncorrected: wrong HOLD

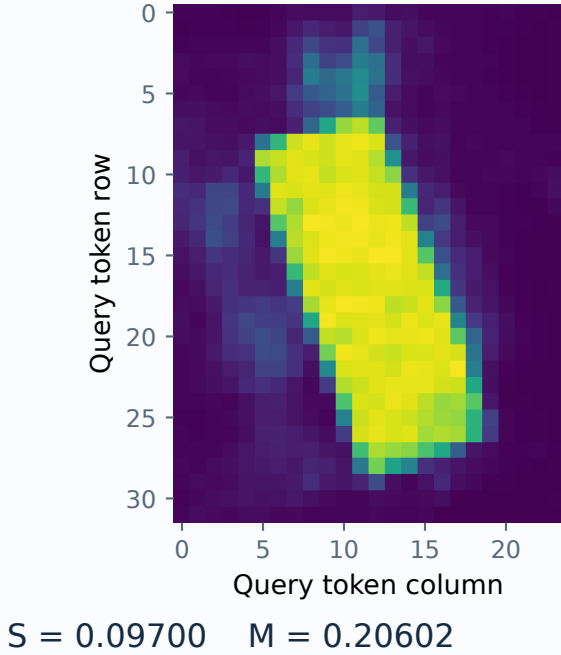

Query (complete input image)

Paired with final incorrect reference

Paired with the correct reference

RAW incorrect → COST1 incorrect

Decision: HOLD | Target inside C128
RAW entry 4608 → final entry 4608

Action utility: final 0.0000; target -0.3708
S: weighted content; M: joint visibility mass
HOLD utility = 0. The head uses multiple signals.
